APRIL 2025

Self-Care Corner

Spring cleaning isn't just about tidying up—it's a powerful act of self-care. Experts say a clean space reduces stress, improves sleep, and boosts mood. A clutter-free environment fosters a sense of control and mental clarity, making it easier to focus and feel at ease. Cleaning also doubles as light exercise, releasing endorphins and enhancing well-being. Simple tasks like changing bed linens, decluttering a drawer, or wiping down surfaces can bring an instant sense of accomplishment. Freshening up your space symbolizes a new beginning, helping you reset mentally and emotionally. To make it manageable, start small: organize a shelf, vacuum a room, or open windows for fresh air. Spring cleaning isn't just about appearance—it's about creating a peaceful, refreshing space that nurtures your mind and body.

**"April is a promise that May is bound to keep."
—Hal Borland**

Rooted in Faith, Blossoming in Love: The Story of Helen Jones (nee Nelson)

Helen Nelson was born on February 25, 1932, in Mobile, Alabama, and her journey through life has been a beautiful testament to love, family, and dedication. After graduating from Murphy High School in 1950, Helen married Bobbie Neal, and together they built a family, raising five children. Their marriage, though marked by 20 years of joy, was also a period of deep loss when Bobbie passed away. In 1973, Helen remarried Curney Jones, and together they created new memories and a loving home. Their life together was filled with happiness, until Curney's passing in 1999. Through these changes, Helen's strength, resilience, and unchanging faith remained a constant source of inspiration to all who knew her. A longtime member of Regency Church of Christ on University Blvd., Helen's faith was a guiding force in her life. She was not only a devoted believer but also a woman who loved to serve her family and community.

Helen had a natural gift for creativity, and sewing was one of her passions. She was also a proud member of the local garden club, where her love for growing flowers and working in the yard shone brightly. For many years, she maintained a beautiful greenhouse, filling her space with vibrant blooms.

Her culinary talents were legendary. Helen was an exceptional cook and baker, known especially for her holiday cakes, cookies, and candies. The warm aromas of her kitchen were always a welcome comfort to her family and friends.

Helen was blessed with nine grandchildren and 18 great-grandchildren, each of whom she cherishes deeply. Her legacy lives through the generations of her family, and the love she poured into them will be felt for many years to come.

Helen Nelson's life is a rich tapestry of love, faith, and devotion.

"Cast all your worries upon him because he cares for you."
—1 Peter 5:7

As spring begins to paint the world in shades of green, we are reminded of the beauty of renewal and new beginnings. Though the weather may be unpredictable, the promise of brighter days fills the season with anticipation and joy. April is a month of celebration, bringing us moments of laughter on April Fools' Day (1st), a chance to honor our planet on Earth Day (22nd), and even a nod to prehistoric wonders on National Velociraptor Awareness Day (18th). However you choose to embrace the season, we hope it brings you joy, connection, and plenty of reasons to smile. At Knollwood Pointe, we are always looking for ways to make our community even more vibrant and engaging. My door is always open, and I welcome your ideas, suggestions, and thoughts. Together, we can continue to make this a place where friendships flourish and every day is meaningful. Wishing you a wonderful spring filled with warmth, laughter, and new beginnings.
